The News.

Our news from Washington is brief this morning. Congress goes into session to-day after an adjournment since Friday last. Senator Davis is still quite unwell. Senator Seward, it is said, will speak at an early day upon the Kansas question.

We have interesting intelligence from Europe by the arrival of the steamer *Africa*. The British Parliament assembled on the 14th inst. A pension of one thousand pounds a year was conferred upon the widow of Sir H. Havelock.

The money market continues easier. The Banks of England and France had reduced their rates of discount to 3 1-2 and 4 per cent respectively.

Consols closed at 95 7-8@96.

The report of the London market shows a decline in wheat, and flour is reported unsaleable.

The difficulties between Spain and Mexico have been peaceably adjusted.

The fire at St. Louis, was more destructive than the telegraph reported. About 60 lives were lost, and many of the bodies have not been recovered from the ruins. We publish a list of the names of those who have been recognized. It was one of the most terrible calamities of the kind that has ever occurred.

Six steamers were burned on the Mississippi river on Sunday morning opposite New Orleans. Loss about $400,000, partially insured.

A Tobacconist named Harris, was murdered in Tennessee, on the 20th, by one of his negro slaves, and the negro was hung by a mob. Coffee has advanced a trifle in the New Orleans Market.

A large anti-Lecompton meeting was held at Columbus, O, on Saturday, and resolutions passed denouncing the President's course on the Kansas question.

The New York market was firmer yesterday.

Mil. and Miss. and Lacrosse and Mil. R. R. stocks have advanced.

Our market was quiet yesterday, and unchanged.

The weather was cold, though clear and pleasant, and sleighing excellent.

The N. Y. Anti-Lecompton Demonstration.

The meeting of the Anti-Lecompton Democrats at the Chinese Assembly Rooms in New York, on Wednesday evening, was an imposing affair. The large Hall was crowded to its utmost capacity, despite the severity of the weather, and numbers were obliged to go away without gaining admittance.

At 7½ o'clock, Mr. McMasters, editor of the Freeman's Journal, called the meeting to order, and nominated the Hon. George Bancroft to preside. The nomination was received with loud cheers. Mr. Bancroft said:

"The first duty that claims our attention is the perfection of the organization of the meeting.—I beg leave, therefore, to read to you the names of those gentlemen, among whom are Democrats of the oldest standing, the longest service, and of the utmost constancy and fidelity to the true principles of Democracy and freedom. The Germans of the city, too, are burning with indignation at the thought that the system by which the liberties of Germany had been suppressed, should be brought into effect in these free United States.

Among the Vice Presidents were Ex-Mayor Havemeyer, Edward C. West, A. C. Flagg, E. G. Massara, editor of the *Courrier des Etats Unis*, and O. Ottendorfer, editor of the *Staats Zeitung*.

Mr. Bancroft made a brief speech, in the course of which he said:

"The delay which has attended our assembling has enabled me to ascertain that the voice of the Conservative body of the men of property, of standing and of wealth in this city, is and must be by the necessity of the case opposed to a system so revolutionary and disorderly in its character. The Democracy cannot but stand firm in this point. A thousand witnesses present themselves to the bosom of every true-hearted Democrat, warning him to resist with all his power the imposition of a Constitution on a people that abhors that Constitution, at the point of the bayonet. The foreign people who become our emigrants to whom we hold out the hand of brotherhood and fellowship, they remember who has trodden liberty in Europe under foot, and know it is a complicity between the General Government and a miserable minority in the several States."

He introduced Mr. Stanton to the audience in eulogistic terms, and that gentleman proceeded to rehearse the Kansas story in a speech occupying more than three hours in the delivery, but listened to throughout with earnest attention.—He evidently created a profound impression, and was warmly applauded.

At the close a lengthy series of resolutions was adopted, denouncing the imposition of the Lecompton Constitution on the people of Kansas and commending Gov. Walker, Mr. Secretary Stanton, and Messrs. Douglas, Harris, Haskin and Wise.

FRIGHTFUL ACCIDENT IN DAUPHIN COUNTY, PA.—FOUR PERSONS KILLED AND ONE INJURED.—We regret to announce one of the most painful accidents that has ever occurred in Dauphin Co. It appears that the large furnace called "Union Depost Furnace," situated in South Hanover township, some two miles from Humelstown, was in full blast and working satisfactorily until within a few days past, when something interfered with its operations.

In order to ascertain what was wrong, the workmen engaged in the work of cleaning the lower portion of the furnace out; but whilst they were so engaged, the hot metal came running out in torrents, so unexpectedly, that five persons were literally showered over with liquid fire, immediately setting their clothing on fire and burning them in a shocking manner. Some of the unfortunate men jumped into the canal, and others into the water tub; but this all proved unavailing—they were so dreadfully burned that no human help could save them.

John Bader, David Landes, William Murray, and a man called Dutch John, have since died from their wounds, and were buried yesterday, whilst Moses Woll, another of the injured, can hardly survive his injuries.

It appears that the furnace must have been choked up at the top, and whilst the men were engaged opening it below, the hot metal fell from the top of the stack into the hearth, raining down upon the workmen so suddenly that it was impossible to save them. The burning fluid also came very near setting the whole works on fire. The deceased leave large families to mourn their sudden and early loss.—*Harrisburg Telegraph, 18th.*

HOLIDAY AT MADISON.—Both Houses of the Legislature adjourned over, from Saturday to Tuesday, in order to observe Monday, the Twenty-Second, as a Holiday. The newspapers at Madison, in honor of the occasion, also suspended for the day. A Masonic Festival at the City Hall, and a Concert by the Campbell Minstrels, form the evening's entertainments.

☞ A physician in New York, who recently conducted the post mortem examination in a case of infanticide, reported that he was "unable to discover whether the child was alive or not at the time of its death!"

Great Fire in St. Louis—60 Lives Lost!

St. Louis, Feb. 20.

The burning of the Pacific Hotel proves to have been a much more terrible calamity than was reported this A. M. There were about one hundred persons in the house, between forty and fifty of whom are missing.

The following are the names of the persons so far known to have been killed:

Bruce, McNitt, Burkhart, Wurst, Paul Sterrill, Mrs. Jenny Jones and child, all of St. Louis; Johnson, Chicago; Henry Rochester and S. Heart Strong, Rochester, N. Y.; William Saunders, Taylor, George Crane, Miss Jones residence unknown; Chas. Davis, Wm. Cunningham, Terre Haute and Alton Railroad; Miss Hunter, Mr. and Mrs. Hubbard, nine persons in one room, names unknown, and a negro boy seriously inj ured; Jos. F. Gray, reporter for the St. Louis Leader; Elihu Hays, New York; Jonathan Jones, Mr. Towns, Wm. Tanner and Sharpe, watchman of the house.

The fire caught in a drug store under the hotel, and the flames spread so rapidly that before the inmates could be rescued, the stairways were enveloped in the flames, and all egress cut off except by the windows. Many leaped from the third story, and were horribly mangled or instantly killed; and many more who were unable even to reach windows, were burned in their rooms.

Several more bodies are supposed to be in the ruins, and hundred of excited men are energetically engaged in removing the rubbish.

The wounded were promptly taken in charge by friends, or sent to the hospital, where their injuries were immediately attended to. Several of the wounded cannot possibly recover.

The loss of property is upwards of $50,000.

Removal of Mr. Miller.

(*From the Ohio State Journal.*)

The telegraphic announcement in the *Statesman* this morning that Mr. Miller has been removed from the office of postmaster of Columbus, and Col. Medary appointed to the vacant place, has caused much excitement throughout the city. Mr. Miller has been for many years the most active and influential member of the Democratic party in the county, and has probably done as much to keep the party together, and to give it increase, as any one in the State. He was appointed to the postmastership by James Buchanan, and after enjoying the place for a few months, has been removed from it by the same distinguished person.

Mr. Miller has been a very prompt and acceptable officer. The people were satisfied with him, and no one complained. But he had committed the unpardonable sin. He had spoken against the Lecompton fraud, and was opposed to the course of the Administration upon that matter. He was a warm and cordial friend of Mr. Cox, our Congressman, and Mr. Cox had made an anti-Lecompton vote. He must be punished for it—Buchanan could not remove him, but he could remove his friend, Mr. Miller, so he removed Mr. Miller. Thus has Mr. Buchanan become the instrument in the hands of his "nigger-driving" party to strike down a freeman for entertaining an honest opinion.

COMMON COUNCIL MEETING LAST NIGHT.—At the meeting of the Common Council last night, the Mayor, and a quorum of Aldermen, were present.

The newly elected Aldermac from the 4th Ward, Hiram R. Bond, Esq., was officially installed in the Council.

An ordinance was offered to remove the wood and hay market from the 7th to the 1st ward, and on motion referred to the Aldermen of that ward.

The Council, at a late hour last night, was still in session.

A TROTTING MATCH.—A private trotting match came off, yesterday afternoon, between two gentlemen of this city, each of whom owns a fast nag. The course was from "The Abbey" at the Cold Spring, to Wauwatosa, and back. The parties, accompanied by a number of friends, left town at 2 P. M. to trot the match. We are advised, by telegraph, that they started at the appointed hour, and when last heard from "the gray" was ahead; but as nobody has returned from the scene of strife when we went to press, at a late hour last night we are unable to give our anxious readers further particulars.

A GOLDEN WEDDING.—One of these interesting incidents occurred in this vicinity on Saturday last. It was the "Golden Wedding" of Mr. and Mrs. GEO. A TIFFANY, who celebrated on that day, the *fiftieth* anniversary of their marriage. Mr. TIFFANY is now 78 years old, and his wife 69, and both are in the enjoyment of good health. They had the additional happiness, on this occasion, of being surrounded by every one of their children, sixteen in number; Mr. and Mrs. L. BLOSSOM, with their children, having come all the way from New York, expressly to attend this "Golden Wedding." The hospitable residence of Mr. GEORGE O. TIFFANY, the only son of the aged couple, was the scene of the festivities, which were enjoyed heartily by all present

A MEAN ACT AND A CONTEMPTIBLE EXCUSE.—The Chicago papers are justly exasperated at Levi J. North, the great circus proprietor of that city, for his meanness in pocketing the proceeds of a benefit, which he publicly declared should be given to the Mayor for destribution amongst the poor of Chicago. The net proceeds of the benefit were $760, the attendance having been very large as the people thought they were contributing their money to relieve the distressed. The only reason given by North for this dastardly act is that "he was afraid Wentworth would appropriate the money to his own personal use." The *Tribune* justly says that this contemptible imposition will damage North in the opinion of every honest man.

WASHINGTON'S BIRTHDAY.—In honor of this anniversary, the Artillery squad of the Light Guard fired a Federal Salute, at sunrise, yesterday, and several of the Military Companies of the city, the Union Guards, Black and Green Yagers, Artillery and Sapper and Miners, paraded during the morning, making a goodly show. A large delegation of the Light Guard's went to Chicago to attend the Anniversary Ball of the Chicago Light Guard, and no doubt had a good time. The Black Yager's gave a Military Ball at Young's Hall, in the evening, which was numerously attended.

FINE WEATHER — EXCITEMENT.—Yesterday, although rather cold, was as fine a winter's day as we could wish to have. The sun rose bright and clear, and no darkening cloud obscured its luminous rays during the whole day. The streets were quite lively, as many people were out, and it was necessary to move briskly in order to keep comfortably warm. The tinkling of a thousand sleigh bells rang incessantly upon the clear air, and the stirring notes of martial music accompanying the military procession, aroused our patriotism to the highest pitch, and caused more than ordinary excitement throughout our city.

POLICE COURT YESTERDAY.—Joseph O'Brien was fined $2 and costs for being drunk and disorderly. George Smith was convicted of stealing an overcoat from Joseph Bilty, of the value of $5,50, and sentenced to four months imprisonment in the county jail. Michael Bowler and Peter Willis were examined on the charge of burglariously entering the store of J. H. Cordes & Co., and committed in default of $500 bail each to await the action of the Grand Jury.—George Hambasch was fined $5 and costs for fast driving upon the street.

A WARNING TO FAST DRIVERS.—A driver named George Hambasch was fined $5 and costs in the Police Court yesterday, for fast driving through the streets. It is right that the ordinance preventing fast driving in the city should be enforced, although we see it violated on East Water street nearly every day to the great danger of pedestrians.

HARPER FOR MARCH.—We are indebted to H. Kempshall, 175 East Water street, for an early copy of Harper's Magazine for March. It is rich in interesting matter and graphic illustrations.—The "Upper Mississippi" and "Tropical Journeyings" are especially good. Thackeray's new and capital story, "the Virginians," is continued in this number of Harper. "Shadow and Substance," a series of comic etchings, are amusing and ingenious.

TAKEN CARE OF.—The disabled fireman John Jeager, we are glad to learn has been taken care of by his fellow firemen. Mr. Fillmore has very humanely interested himself in Jeager's behalf, and had him taken to the Sisters Hospital, and his expenses paid for several weeks in advance. He will be kept under the kind treatment of the sisters until he recovers.

PLEAD GUILTY.—Frederish Banasch, the clerk, who had been indicted for embezzlement in the store of Delorme & Quentin, withdrew his plea of not guilty in the Circuit Court yesterday morning, and plead guilty. The Judge deferred pronouncing his sentence.

DONATION VISIT.—The friends of the Rev. R O. PARSONS, of the Ashbury M. E. Church, in the Fifth Ward, are invited to attend a Donation Party, to be given at the residesce of L. LEE Esq., on Greenbush street, on Wednesday (to-morrow) evening, February 24th.

OWNER WANTED.—We are requested to state that an owner is wanted for a Pocket Book supposed to belong to a lady. Enquire at Barnum's Hat store, No. 188 East Water street.

WHAT LUCY STONE SAID.—She honored the wife of George Bancroft, who, when the Episcopal clergyman pronounced the service over her and came to the word *obey*, said "I won't."—The clergyman said he would not marry her; but she said she could wait. Mr. Bancroft said he had not chosen a woman who was not able to command herself. Her father commended her spirit, and the clergyman concluded to go on.

COMMERCIAL.

Milwaukee Market.

OFFICE OF THE DAILY SENTINEL, MILWAUKEE, Feb. 22, 1858.

Received by M. & M. R. R., Feb. 22—61 bbls flour, 3,247 bus wheat, 600 lbs hides, 100 lbs bitrs 724 lbs butter, 26,071 lbs pork.

The receipts of produce by railroad, yesterday, were moderate, and the market was firm, without change in prices. Good milling wheat was in fair request at our last quotations, but pork was not in as lively demand, although there was no falling off in prices. This is accounted for from the fact that the packers' warehouses are nearly all filled up, and they are obliged to hold on a day or two until they can get their present stock out of the way. There is little probability of a decline in the price of hogs for the present. We quote:

WHEAT—In lively request at 88@92 for good club, the outside figures only paid for a choice article to mill, and 90@95c for the range of winter.

FLOUR—No heavy transactions; quiet, at $3@3,25 for spring, $3,75@4 for winter.

THE WOOL TRADE.

We have taken great pains to ascertain the stock of domestic fleece wool remaining in the country, unmanufactured, on 1st of January, and embrace the opportunity of thanking the many friends who have aided us in this under taking.

Taking the extreme estimates furnished us, we make:

In the principal market of sale, say	5,000,000 lbs.
Scattered about the country in the hands of dealers, spunsiators and growers	5,000,000 "
In the hands of manufacturers	9,000,000 "
Total say	19,000,000 "

If this is near the truth, and we cannot find reasonable grounds to doubt it, the clip of the country must be much short of what it has been usually estimated.

IMPORTS—The importations of last year show an excess of nearly 10,000,000 lbs. over that of the previous year, while the stock on hand has increased but 5,000,000 lbs. This is in part accounted for by the unusually small stock with which we commenced the year, and by the re-exportation of 3,000,000 lbs. The stock in New York, at the close of the year, was about the same as here, say 6,000,000. Of the 12,500,000 lbs. in New York and Boston, of foreign wool, we suppose that about only 8,000,000 lbs. are adapted for carpets and negro cloths, and 4,500,000 for clothing purposes. A part of these last, in the low depressed state of the market, may also be used for carpets.

These wools have been purchased at extremely high prices, in the markets of production, it is generally believed, by those most familiar with these markets, that it will not be easy, soon, to purchase at such rates as will be safe to buy at, which, with the general reluctance to enter upon transactions, will probably prevent any considerable imports for at least the first half of the present year.

A table of imports of wool into England, for a series of years, shows how inconsiderable is our whole trade compared with theirs, and while it exhibits a large aggregate increase for the past year, shows a decline in the import of fine wools.

The high prices and low stocks of wool all over the world, accompanied as it is, with an accumulation and low prices of manufactured woollens, is considered in England as well as here, to indicate that until the recent check, the machinery in operation was in advance both of the supply of the former, and of the demand of the latter.

We show in this country very little of this excess, and if, by the aid of the new tariff, we can have wool as low here as in Europe, we look forward to a period of prosperity for our manufacturers, and to a gradual and considerable increase of machinery as soon as commercial affairs become settled, and since it is found that with all the prejudice of American wool in England, our finest fleeces brought, during the panic, at the last London sale, from 40 to 45c cash, our wool growers will no longer fear that they will be sufferers by the change.

It is proper to remark that in the imports and stocks on hand of foreign wool, there is a much larger proportion than formerly of that in the unwashed state.

Comparative statement of the imports of wool at Boston and New York:

	Boston.			New York.
	1855.	1856.	1857.	1857.
Total	7,245,096	8,425,597	17,941,051	10,126,493

Stock of foreign wools on hand at Boston, Jan. 1:

1855	17,304 bales	and 7,200,000	pounds.
1856	6,563	do	3,400,000 do
1857	9,801	do	1,140,000 do
1858	15,728	do	6,066,000 do

LATEST NEWS!

BY MAGNETIC TELEGRAPH

Arrival of the Steamship Africa.

NEW YORK, Feb. 22.

By the arrival of the steamer Africa, late on Saturday night, we have three days later advices from Europe.

On the 4th inst., Parliament assembled. Lord Palmerston had given notice of a bill to amend the law relative to conspiracies to commit murder, in order to meet the refugee case raised by the French Government.

The French Embassador in England had given notice, that henceforth no passports would be granted to persons not subjects of France, in announcing which fact in Parliament, Lord Palmerston had stated that the British Government would soon suggest the total abandonment of the system of passports.

In the House of Commons, on Friday evening, Mr. Roebuck asked Lord Palmerston whether there had been any communication between the Governments of France and England respecting the alien act, or any alteration in the criminal code of England. He spoke with much bitterness against the Emperor of the French and against the position taken by Counts de Morny and Persigny, and the addresses of the French army, in regard to the recent attempted assassination of the Emperor. Lord Palmerston said, in reply, that a despatch had been addressed by the Foreign Minister to the French Ambassador in London, upon the late transaction in Paris, and conveying the wishes of the French Government that the British Government should take such measures in consequence as they in their wisdom might think fit, but to the pointing out of any measure whatever, the French simply left the case to the British Government. No reply had been made to the despatch of the French Government. He condemned the intemperate language of Mr. Roebuck, and condemned the charges against the French Ambassador.

A resolution was adopted, conferring pensions of £1,000 a year each on the widow of the late Sir H. Havelock and the present Baronet.

After some discussion, leave was granted to bring in a bill to allow the East India Company to raise money in England on indebtedness, with the power to continue in force till the end of season of 1859, and the limit to be restricted to £10,000,000.

Lord Palmerston gave notice that on the 28th inst., he would move for leave to bring in a bill to amend the government of India.

Several failures, in consequence of the reunion of Modler, had taken place in Paris.

A decree had been published, which invests Prince Jerome Napoleon, uncle of Louis, with the right of attending the Council of State, and presiding in his nephew's absence.

The La Presse had made its re-appearance, after two months' suppression.

The Belgium Chamber has adopted a bill prolonging the law of 1835 touching foreigners, for three years.

Parallel Cases.

Congress and our Legislature are both much engrossed, just now, with the business of "Investigation;" and each encounters contumacious witnesses, who refuse to tell what they know about alleged corruptions. At Madison, Messrs. KILBOURN and FALVEY have been adjudged in contempt for this cause; have been put in custody, and have applied to the Supreme Court for writs of *Habeas Corpus*. The arguments were heard last week and the decision is looked for to-morrow. At Washington, Mr WOLCOTT, has also been placed in durance vile for refusing to answer questions put by the Investigation Committee, touching the means used to "put through" the Tariff of 1856, and he, too, has applied to the Courts for relief. The Washington correspondent of the *N. Y. Commercial* says:

"Mr. Wolcott will apply to the Supreme Court for a writ of habeas corpus, and it will be granted. In former cases the federal courts refused the writ to applicants who were in the custody of the sergeant at-arms. But where the man is in jail, it will be a different question. Still, it is probable that the United States courts will affirm the power of the House.

Mr Stanton stated that the duration of the confinement of Mr. Wolcott would be indefinite. But it is generally understood that the power of the House ceases, with their own existence, on the 2d of March, 1859

The Washington correspondent of the New York *Post* states the following view of the case:

Mr. Wolcott, the contumacious witness, has been brought before the House again to-day, and his answer, to purge himself of contempt, prepared by his counsel, Mr. Johnson and Mr. Keith, was read. The answer covers twenty-three manuscript pages. It reviews the powers under which the committee act; and argues that, by constitutional and statutory provisions, the committee only have the legal right to propound questions *pertinent* to the subject matter under investigation; and insists that the answers were given in full, and that the answer given to the question specially under consideration, fully and perfectly negatived any illegal use of money, either in fact or in contemplation; and, therefore, that the answer fully met any conceivable legal and pertinent question that could have been propounded, had a categorical answer been given.

He disclaims any intentional disrespect to the House or committee, and claims an entire justification of his course on the mature judgment of the House. Stanton of Ohio replied, and insisted that the witness should be removed from the comfortable parlors and luxurious table at Willard's, and should be confined in the common jail like a common felon. The spirit of the Inquisition seems to animate some members, and if they could carry the house a step further they would revive the rack and thumbscrew to compel an obedience to their demands. The resolution to commit Mr. Wolcott to jail passed by a vote of 132 to 66, and the Sergeant-at-Arms has conducted him to his new quarters. The question regarding the right to exercise this arbitrary power is considered a very serious one, and must be determined by the courts of law.

The decisions of our own and of the U. S. Supreme Court, on the novel questions involved in these cases, will be looked for with considerable interest, both by the profession and the public at large.

A Step Too Far.

We do not think that we can be accused of favoring any half way measures of investigation. We go, from first to last, for a thorough, impartial, complete, and searching inquiry into the facts relating to the payment or receiving a bribe by any man who was guilty, whatever may be his position, politics, or character. Yet we cannot but regret that any too ardent friend of investigation should have offered in the Assembly the resolution relating to Justice Smith, of the Supreme Court. No man in the State believes that he corruptly accepted of a reward for the exercise of his influence—if he possessed any—with Ex-Gov. Bashford; we do not think there can be even the shadow of grounds for suspicion. We therefore regret than the project to investigate the conduct of official rascals, a beggerly lobby and a villainous railroad company, should be embarrassed by an assault upon a judicial officer who stands so high in the affections of the people of the State, and has won so enviable a reputation for official integrity and uprightness as Justice Smith.—*Madison Argus.*

So much for "a sober second thought." The mean innuendoes and cowardly insinuations, conveyed in those superfluous resolutions, offered in the Assembly, have at length, in the opinion of the "State paper," proceeded "a step too far." We think as much; and quite agree with the Madison *Journal* in the opinion, that the Investigating Committee have already ample power in the premises; that they can send for whomsoever they please; and that if any man in the State knows, or suspects wrong in any other man, as connected with the R. R. Land Grant, he has but to state his knowledge, or suspicions to the Investigating Committee, and they will send for all the parties implicated. Under these circumstances, the offering of resolutions, such as the *Argus* refers to, must be set down as prompted by mere personal, or political malignity, and utterly unworthy the attention of the Legislature.

A SET IN THE POST OFFICE.—Saturday night's mail brought a letter from the Adjutant General's Office, at Madison, addressed to "Col. J. A. Noonan," of this city. The *News* of the next morning, owned and edited by the Postmaster, contained an announcement that Governor Randall had appointed Mr. Noonan a Colonel, and followed this up with a virulent and scurrilous attack upon Mr. N. himself. The attack was as mendacious as the announcement. No such appointment has been made, asked for, or thought of. But some spy in the Post Office—whether the P. M. himself, or one of his underlings, we know not—noticed the address on the letter, and out of that circumstance manufactured the whole story. We suggest to the Postmaster General that if private correspondence passing through the Milwaukee Post Office, is to be subjected to the prying eyes of the Post Master and his clerks, official notice ought to be given of the fact, so that the public may govern themselves accordingly.

NEW CHURCHES AT MAUSTON.—The Mauston (Juneau Co.) *Star* says that the several Religious Societies of that village are making preparations to erect church edifices as soon as the weather will permit. The work upon the Methodist church has already commenced. It is to be on State street. The Catholics has purchased a lot on Mauston street, and are making the preliminary arrangements to commence building their house of worship with the opening of spring, and the Baptists are making preparations to put up a church immediately.

LAYING TRACK.—We understand, says the Mauston *Star*, "that the contractors intend to commence laying the iron on the La Crosse Railroad, above New Lisbon, on Monday next. The bridge is finished across the Little Lemonwier, near the Red Mills, and the contractors intend to have the track laid, and the cars running to Tomah—about sixteen miles and a half west of New Lisbon—by the 1st of May next."

A "UNION-SAVING" OPINION.—The Richmond *South*, one of Mr. Buchanan's chief organs in Virginia, thinks that the late fist-fight in the hall of Representatives at Washington, was a very appropriate occurrence, and that it is only the first in a salutary series of events to be consummated in the dissolution of the union.

Notorious Burglar Arrested.

BALTIMORE, Feb. 20.

The notorious burglar Capt. Green, alias James Gallagher, was arrested last night while robbing the warehouse of P. Sauermain & Son. Over $800 in coin was found in his possession.

Against Lecompton.

The Volksfreund, of this city, a German newspaper of the staunchest Democratic sort, comes out decidedly against the Lecompton swindle. It copies from Mr. Stanton's Philadelphia speech, to show satisfactorily why the Free State men did vote for delegates to the Lecompton Convention; and translates the admirable address of Mr. Bancroft into good German, with emphatic approval. The truth is, Lecompton is in very bad repute in Cincinnati, and outside of a knot of federal office holders, and a considerable reliance of expectants, it is regarded with abhorence. The German population of Hamilton county may be set down as unanimous against the swindle.—*Cincinnati Gazette.*

The same is true of the German masses in this State. A few office-seeking leaders and subservient presses adhere to the administration and sustain the Lecompton villainy, but the great majority of the intelligent and independent German voters utterly repudiate both. Ex-Speaker HORN, long an influential leader among his German brethren, is out with an able letter, in review and refutation of Mr. BUCHANAN'S Pro Slavery message, and his voice will have weight with the Democratic masses.

A WARNING TO EASTERN CAPITALISTS.—The Beaver Dam *Citizen* cautions eastern capitalists and others against purchasing mortgages upon western village lots, until they have fully ascertained the value of said mortgages by writing to some responsible party where the property is situated, and to illustrate its advice, the *Citizen* exposes a transaction by which, it says, a number of persons are now being taken in:

"The plan is this—A sharp speculator lays out a quantity of land in, or adjoining a western village into village lots; he then sells these lots to irresponsible persons at fabulous prices, pretending that he receives half the purchase money down, and takes a mortgage for the balance.—These mortgages, which in most instances, represent three or four times what the property is really worth, he takes to the east, and offers them for sale to such capitalists as he can find fools enough to buy. Of course, the parties who give the mortgages are worthless scamps, who have never paid a cent on the property, and never expect to, and the mortgager must put the price high enough to realize enough on the bogus mortgages, after paying for traveling expenses, shaves, &c., to get what the property is really worth. By telling a pretty big story, which such fellows are capable of doing, it is easy enough to find dupes all over the country, and the result is that thousands of dollars are swindled out of eastern capitalists in this way.

"We have good reason for believeing," continues the *Citizen*' "that there are one or two parties at the east, from this neighborhood, with large numbers of these mortgages, and as we find that they are disposing of them, we deem it our duty to call the attention of eastern papers to this fact, that they may warn their readers to beware of all mortgages representing property in the west, and to write here for information before investing their money in them. If we wish to save ourselves from disgrace, and retain the confidence of honest men, we must prick these puff balls at once, and we intend to do our share of it as fast as we discover where they are. Eastern papers, by copying this, may save their readers from loss, and will confer a favor upon this community, who in no way countenance this transaction."

A PIOUS LECOMPTON ORGAN.—The Fond du Lac *Union* is one of the small minority of Democratic papers in this State which sustain the Lecompton Swindle. The *Union*, in its last issue, thus leads off on the subject:

Our intelligence from Washington is such as to cause all good, faithful and true Democrats to take courage and rejoice, but the guilty and timid time servers who deserted in the hour of danger when bold hearts and unflinching faith was wanted now tremble and grow sick at heart. The virtuous and patriotic policy of the President has, we think, sufficient strength to maintain its ground, and when it comes to the test, will undoubtedly secure a triumphant support.—Never since the days of Jackson, has there been an issue that demanded that independent determination and decision of character that characterised his administration, until now—and most fervently and with profound gratitude we acknowledge the beneficient purposes of the Great Disposer of events, that the emergency has been met with the MAN.

The mixture of mock piety with fulsome adulation ought to commend the *Union* to the immediate and patronizing notice of the Administration. The supporters of the Lecompton villainy are not so numerous in this State, but that the President can make provision, at the public crib, for most of them.

RENTS IN NEW YORK.—The *Herald*, after reviewing the effects of the revulsion in New York, arrives at the following conclusion with respect to rents after the first of May next:

1. The high priced stores down town, will rent for from ten to twenty-five per cent. less than was received for them last year.

2. That stores worth $1,500 a year and under will command as high a price as formerly.

3. That brown stone fronts, and all houses renting for over $700 per year, have suffered a depreciation of twenty-five per cent, with a corresponding reduction in rents.

4. That houses worth less than $300 per year, used by the middle classes, will, if anything, advance in price.

5. That the price of real estate will average about as much as usual, notwithstanding the hard times, owing to an increased attractiveness.

"RUNNING EXPTYINGS."—Such is the appropriate heading of an article in the *News* of Sunday morning, which for gross personality and low blackguardism, rather transcends anything that has yet appeared in the Post Office organ. It is of course, at Mr. NOONAN, the special object of the *News*' hatred and abuse. Mr. N. is no longer in public life, but a private citizen; and this dragging him and his affairs, day after day, into the public press, is alike a breach of private right and an abuse of newspaper privilege. Mr. NOONAN, indeed, does not suffer from such attacks; but the public are outraged and the press disgraced by them.

FAILURES AND PROBABLE PAYMENTS.—Messrs. Tappan & McKillop, commercial agents, have issued a circular, in which they estimate the total failures in the United States, during 1857 at 5,022, to the amount of $822,362,000. They also endeavor to show that the average probable payment will be within a range of 25 to 54 cents on the dollar. New York State is put down at 41 cents; Massachusetts and Vermont at 52 cts; New Hampshire at 58c; Wisconsin and Florida at 50c; New Jersey at 51c; Tennessee and Rhode Island at 46a47c; Connecticut at 48c.—The Territories are put down at 23c.

LATER FROM KANSAS.

Correspondence of the Missouri Democrat.

LAWRENCE, FEB. 12.

The Topeka legislature, after a recess of three weeks, re assembled on the 10th inst.

The codifying committee have made their report. The code is composed of such laws as are necessary to render the government complete, as it may be determined to put into operation, in the event of Kansas being admitted under the Lecompton constution.

Concurrent resolutions were introduced into the Senate, setting forth that as President Buchanan, in his message, openly advocated the passage through Congress of the Lecompton Constitution, Gov. Robinson be requested to correspond with the governors of states friendly to the people's government in Kansas, and solicit their aid and good offices in case it should be necessary to resist such an encroachment upon the principles of republicanism.

Fears are entertained that the constitutional convention bill, introduced into the territorial legislature, has been lost on account of its not being sent to the governor in time to be returned and passed over his veto, should he not approve it. A similar bill for a constitutional convention has been introduced into the Topeka legislature, so that if the first fails, the second can be resorted to.

In the territorial legislature last evening, an act chartering three banks, to be located at Lawrence, Leavenworth, and Wyandotte was passed over Gov. Denver's veto.

In a joint session of the Council and House, three commissioners to superintend the building of the penitentiary at Delaware, were elected. They are Messrs. Pratt, of Delaware, Lewis, of Doniphan, and Hunt, of Ossawattomie.

A mass meeting of the people of Kansas will be held in Representative hall in Lawrence on the 13th inst. The object is not stated, but is supposed to be to harmonize the conflicting elements of the free state party.

A rumor prevails, that warrants have been issued from Judge Cato's court at Lecompton, for the arrest of Gen. Lane and other leading members of the free state party. It is said that it is the design to arrest the Topeka legislature also. This is doubtless to be the first step of the administration towards breaking the people in under the Lecompton constitution.

LAWRENCE, K. T., Feb. 13, 1858.

THE TERRITORIAL LEGISLATURE.

An act was introduced into the House on the 12th inst., supplementary to the constitutional convention bill. It changed the time of the assembling of the convention from the fourth Tuesday in March to the second Monday in April. It gave the convention full power to say where the first general assembly under the constitution to be formed should meet, and when the constitution should be submitted to the people.

This act passed both branches of the legislature and was sent to the Governor for his approval. He pocketed it and will thus defeat it, as sufficient time does not remain for the legislature to take any notice in regard to it, should the Governor keep it three days.

A militia bill was yesterday passed over the Governor's veto. The bill does not differ materially from the one passed at the extra session, except that the power to call out the militia which was in the first given to a majority of the military board is now reserved to the Governor alone. An election was held for a board of officers under this law. The old board, at the head of which is Major General James H. Lane was elected unanimously.

I subjoin a copy of the concurrent resolutions, introduced into the House by Mr. Hanna:

CONCURRENT RESOLUTIONS.

Resolved, by the House of Representatives of the territory of Kansas, the Council concurring, That we do hereby, for the last time, solemnly protest against the admission of Kansas into the union under the Lecompton constitution; that we hurl back with scorn the libellous charge contained in the message of the President accompanying the Lecompton constitution, to the effect that the freemen of Kansas are a lawless people; that relying upon the justice of our cause we do hereby, in behalf of the people we represent; solemnly pledge to each other, to our friends in Congress and in the states, our lives, our fortunes and our sacred honors, to resist the Lecompton Constitution and government by force of arms if necessary; that in this perilous hour of our history, we appeal to the civilized world for the rectitude of our position, and call upon the friends of freedom everywhere to array themselves against this last act of oppression in the Kansas affairs.

That the Governor be requested immediately to transmit certified copies of this resolution to the President, Speaker of the House of Representatives, and President of the Senate of the United States, and to our member in Congress, and that the same be presented to both branches of Congress.

These resolutions passed the House unanimously. In the Council they passed, receiving two negative votes—given by Messrs. Chalice and Mead. Mr. Chalice is an out and out proslavery man, which fact will explain his vote.—Mr. Mead pretends to be a free State man, but belongs to that hunkerish class who would rather live even under the Lecompton Constitution than protract the struggle by any resistance. At exactly 12 o'clock last evening the Governor sent a message to the House, declaring that his connection with that body was dissolved. The Governor thinks that the time of the legislature expired by limitation at 12 o'clock.

The legislature, however, takes a different view of the matter, and has decided to hold on until 12 o'clock to-day. At exactly a quarter past eleven last night it was stated to the House that the Constitutional Convention bill had been sent to the Governor three days before, and had not been returned. It was thereupon declared to be a law.

The legislature is holding over till to-day, in order to remove any doubts that might exist in the minds of some with regard to the legality of the convention bill. ALEXIS.

A WHITE MAN RECLAIMED AS A SLAVE BY HIS HALF BROTHER.—George W. Farris was the son of a planter named Raglan, near Tuscumbia, Alabama. His mother was a mulatto house servant, also a slave of Raglan. George escaped from slavery in 1852, and went to Pittsburgh, where he passed for a white man, and married a white girl named Mary Ann Wickham, engaged as a subordinate in Miss Kimberly's theatre, and had one child, a little girl named Harriet. He worked at his trade as a mason, and occasionally figured as a negro minstrel, but no one, not even his wife, ever suspected that he was not of pure Caucassian lineage.

A Pittsburgher, named George Shaw, had worked in Alabama, putting up cotton gins, and he informed Raglan of George's whereabouts. A son of the master, and half brother of George, came up to capture him. George, however, left in good time; but was finally taken at Brunswick, Ga., and sent back to slavery by his half brother. Not content with getting George, he conspired with George Shaw and J. A. Torrence, of Pittsburgh, to kidnap the little girl Harriet. Warrants have been issued against Raglan, Shaw and Torrence, at Pittsburgh, and the two latter arrested. Raglan, though known to be prowling about Pittsburgh, had not been arrested on Monday evening.—*Cin. Gaz. 16th.*

From the Chicago Tribune.

A Ludicrous Mistake.

Col. Noble, of the South Pass wagon-road expedition, was, not long ago, suddenly and without reason removed from the post of Superintendent of the expedition, which he had quite satisfactorily filled; and within a month he has been unexpectedly restored. The Minnesota papers are quite astonished, and have no way of explaining the contradictory action of Secretary Thompson, of the Department of the Interior, under whose charge the expedition is. But the editor of the St. Anthony *News*, a sterling Republican sheet, throws a little light on the transaction, and shows up, at the same time, a ludicrous blunder, by the Secretary, committed in mistaking the editor of the St. Paul *Times*, radically Free-Soil, for the editor of the St. Paul *Pioneer*, radically and constitutionally Border-Ruffian:

Six months ago, when conducting the St. Paul *Times*, we received an autograph letter from Secretary Thompson, accompanying another from his private Secretary, justifying his (Thompson's) conduct on the immortal *codfish* controversy, and inquiring in specific terms whether the damning story, which had reached Washington was true, that Mr. Noble had, in previous years, "made abolition speeches in Minnesota."

At the time we received this, Mr. Noble was among the savages of Dakota Territory, apparently doing his very best to accomplish the object of his mission, but the letter plainly threatened, that, if the Department was convinced of "the truth of the allegations," the head of the codfish-betrayed pioneer should pay the forfeit!

We could only explain the Hon. Secretary's freedom in thus "unbosoming himself" to us, by the supposition that he had mistaken us for one of the "Simon Pure;" so we hastened to answer the letter, to appease the wrath and relieve the solicitude of its author. Not being "posted" in the details of diplomatic correspondence, we simply stated—without disabusing him on the point of our "Democratic" identity—that Mr. Noble was laboring with a quiet diligence in the prosecution of his work, that common report charged him with having, at one time, believed in that "string of glittering generalities," the Declaration of Independence, and with having advocated the stale dogma that "all men are created free and equal," besides committing sundry other grave political indiscretions, but we believed that his heresies and idiosyncrasies had been totally cured, and that he was finally a loyal subject of His Excellency James Buchanan, and the Department of the Interior. To this answer neither Mr. Thompson nor his secretary condescended to reply, and we were unaware of their continued silly suspicions of the integrity of their employee, and their continued demand that he should give a quit-claim deed of his soul, as an equivalent for their patronage, until—slam!—down comes the broad axe of executive decapitation and off falls his head, sure enough!—But how came the superintendent to be reinstated? Is the secretary convinced of the truth of our information? We may have occasion to publish these letters in full—till then they can be seen at our office.

A Model Organ.

The Milwaukee *News* is "umbler" than Uriah Heep. Some time since it came out violently in denunciation of the Lecompton Constitution. That was when Douglas first broached his opposition to that iniquity. Then the *News* doubtless supposed Douglas would lead the "Democracy" as in times past. It did not seem to understand the great fact that no man can lead the "Democracy," except he leads them in favor of slavery. So the unwary *News* committed itself to the Douglas view of Lecompton. It said the Lecompton constitution was "a great wrong." It declared that to push a bill through Congress admitting Kansas under that constitution, would be the consummation of a gigantic wrong. It was talking quite bravely. But soon the telegraph announced that the President was in favor of Lecompton. No caterpillar ever curled up more suddenly when poked with a stick, than did the *News* on receiving the intelligence. We heard no more in its columns of the great wrong. Mum was the word with the *News* for a few weeks. Then came the President's Message, and there was no longer any doubt of the determined support of Lecompton by the Administration. By some potent magic, the "great wrong" became a "great right," in the opinion of the *News*. Since then it has preached Lecompton. All the brave words it had said were gulped down without even the making of a wry face; and the Washington Co. *Democrat*, complains that the *News* is attempting to make fealty to Lecompton "a test of Democracy." The *News*, however, meekly denies the charge. It says:

The Milwaukee *News*, never undertook to make anything a "test of Democracy." We are content to follow and not others lead.

Some of our friends reproach us with having changed our views, after ascertaining those of the President, Cabinet, and Democratic members of Congress. We admit that opinions emanating from such high and distinguished sources, do influence us very much, and we may as well confess, that when they come in conflict with your own or those of our compatriots, even we defer to the National Democratic Administration.

The *News* is edited by a Postmaster.

In its readiness to "defer to the administration," it reminds us of the Courtier Polonius, and the Prince of Denmark:

Prince—Do you see yonder cloud, that's almost in shape of a camel?

Courtier—By the mass, and 'tis like a camel, indeed.

Prince—Methinks it is like a weasel.

Courtier—It is backed like a weasel.

Prince—Or like a whale?

Courtier—Very like a whale!—*Madison Journal.*

For the Afflicted Everywhere.

MONTGOMERY, May 11, 1857.

I do hereby certify that I have been using Professor O. De Grath's Electric Oil, 39 South Eighth street, Philadelphia, for Spinal Affection, a disease of twenty-two years standing, with greater relief than from any of the thousand applications I have ever made use of. I by this with more confidence of the virtue in this particular disease, since having heard another case in our city, of four years standing, which was instantaneously relieved by application of De Grath's Electric Oil. I write this for the benefit of those unfortunate persons everywhere who may be suffering from this disease, and as a debt I owe Prof. O. DeGrath for having found out such a discovery. You that have not got it, write for it—get it by all means, if you wish to get relief. It may be necessary to say that I have no interest in the selling of De Grath's Electric Oil, and that the Professor is a stranger to me but that I shall always remember him with gratitude.

THE GREATEST DISCOVERY OF THE AGE.—It seldom occurs, that we notice, under any circumstance, patent medicines, restoratives, or anything of the kind, for we have a prejudice against most of them. But candor compels us to invite attention to the advertisement of Prof. Wood's Hair Restorative, in the last column, at the bottom of the third page of this paper.—We are too juvenile to require anything of the kind, but some instances of its use have come to our knowledge, which almost assures us that it is a sovereign remedy against the hair becoming prematurely gray. It is not a "Hair Dye;" but upon its application as directed, the effect is produced on the skin, which brings out the natural native colored hair, without suffering, and gives it a glossy and natural appearance. We have seen persons who have used it, and they are much pleased with it. Examine the advertisement.—*Missouri Rep.*

HAVELOCK.

[From Punch.]

He is gone, Heaven's will is best;
Indian turf o'erlies his breast.
Ghoul in black, no fool in gold
Laid him in yon hallowed mould.
Guarded to a soldier's grave
By the bravest of the brave,
He hath gained a nobler tomb
Than in old cathedral gloom,
Nobler mourners paid the rite
Than the crowd that crave a night.
England's banners o'er him waved—
Dead, he keeps the realm he saved.
Strew not on the hero's hearse
Garlands of a hireling's verse;
Let us hear no words of Fame
Sounding loud a deathless name;
Tell us of no vaunting glory
Shouting forth her haughty story.
All life long his homage rose
To far other shrine than those.
"In Hoc Signo," pale nor dim
Lit the battle field for him,
And the prize he sought and won
Was the Crown for Duty done.

NARROW ESCAPE.—E. A. Cooley, Esq., of Howard, while on his way to this city, from Menomonee, on Thursday last, with a two horse team, and when about a mile and a half from the shore of Peshtigo, suddenly found himself and team in the waters of the Bay. He got out with difficulty, and, nearly exhausted started for the shore, where he fortunately found men to come to the assistance of his horses. Most miraculously, they were reached in time and saved, and Mr. C. was soon able to proceed on his journey. He describes his sufferings as very severe, and the saving of his horses as a piece of good fortune he little expected. Travellers on the bay cannot be too cautious, and should always be well provided with rope in case of accident.—*Green Bay Advocate.*

DE CORETY, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.
The hours of instruction will be from 8 to 11 o'clock A. M., and from 2 to 5 P. M. And in the evening from half past 6 to 8, for conversation.
Mr. De CORETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also to sons in Penoling, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.
Mr. De Crety will also form similar classes for children, from 10 to 16 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.
The continued patronage of the public is respectfully solicited.

To MERCHANTS.—Mr. De Carty will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.
